Ebrahim Khan

Software Developer Manchester, United Kingdom

PROFILE

Software developer with three years of experience building web applications and REST APIs using TypeScript, React, Node.js and SQL. Focused on reliable delivery, automated testing and clear collaboration with product teams.

EXPERIENCE

Software Developer
2023 - Present

Northbridge Digital

- Delivered customer account features used by more than 8,000 monthly users.
- Added automated API checks that reduced repeat release defects.
- Worked with product and support teams to diagnose production issues and document fixes.

Junior Developer
2021 - 2023

Bright Systems

- Built internal React screens and integrated them with documented REST endpoints.
- Optimised SQL queries for two frequently used operational reports.
